

Unit 1D – Labelling and classifying

Level 1

Pupils follow the teacher's instructions when undertaking tasks. They explore different types of information held on ICT systems. They use ICT to move objects on screen for a defined purpose and use words and pictures to communicate ideas. They are aware of ICT in their world.

Teacher commentary: Reception, Level One

The children used the whiteboard and PC for this task. The child can use a venn diagram to sort to their own criteria without help.
